Exhibit A
Statement of CPNI Procedures and Compliance

Statement of CPNI Procedures and Compliance

Infinity Networks, Inc. operates solely as an inmate service provider and as such provides only operator assisted call completion services to transient users. Therefore, all of our services consist of casual traffic provided outside of any subscribed service relationship, and we do not obtain any CPNI. The only information we have is the raw call record containing the call-from number, the call-to number, the bill-to number, and the duration of the call. We do not have any information about the individual calling or called party. Calls are either billed by the local exchange carrier or provided on a prepaid basis only.

Since we do not have any CPNI, we therefore cannot use or permit access to CPNI. Moreover, we do not market our services to end users in any fashion. Our marketing efforts are directed only towards correctional facilities, and such efforts do not include the use of CPNI.

Should we expand our business in the future to include the provision of services that involve CPNI, we will follow the applicable rules set forth in 47 CFR Subpart U, including, if necessary, the institution of operational procedures to ensure that notification is provided and customer approval is obtained before CPNI is used or disclosed.

Requests for raw call records are referred to correctional facilities who, by contract, own the data, and whose responsibility it is to release the information to the appropriate party according to their own procedures. Should we ever be required provide call records ourselves subject to subpoena, records will be kept in accordance with the applicable rules.
